It is a great pleasure to invite you to attend the International Conference on INVENTIONS (ICI2015) taking place at Sun Moon Lake, Nantou, Taiwan from November 27 to November 30 2015. The organizing committee of conference is pleased to invite prospective authors to submit their original manuscripts to ICI 2015.

Most authors who tried to develop new technologies may be taking a big step in success or failure. We expect the conference to be a platform for successful patent inventors to share their experiences in inventing with all participants. At the same time, the conference also aims to gather and show high quality papers concerning the discovery of completely unique functions or results while offering radical breakthroughs and novel contributions to readers.

- (3) Inventions in devices, sensors and actuators
